Scott DuBoff's practice focuses on environmental and energy matters. Mr. DuBoff represents corporations and local government clients before federal and state administrative agencies, trial and appellate courts and Congress. His practice encompasses air quality, waste-to-energy, surface and groundwater protection, Superfund (Comprehensive Environmental Response, Compensation, and Liability Act [CERCLA]), resource recovery, and environmental planning matters on behalf of industrial clients (such as utilities and oil production and refining companies) and local government agencies.
